A Better Inquiry in Provisions For Domestic Shipment and Export-Cattle Trading Opens Rather Slow-Quotations.

CHICAGO PRODUCE MARKET.

CHICAGO, March 20.-[Special Telegram to the Ber. |-The wheat pears were noisy and prominent sellers of small lots and quiet but busy buyers of large lots to day. It has been a day of liquidation and highly profitable to the bear element. The wheat they wanted to cover their short sales was freely offered by men who have been holding on for a long time. To-day everything conspired to help the bears, and holders had to let go in a measure. May wheat opened at 7816c and during the first trading touched 78%@78%c and then the decline began, which continued with small reactions until 773/ce was reached. An advance to 781/c followed, and the market held between that price and 7816c for some time, but shortly before the close fell to 77%c, and closed at 77%@77%c. June wheat opened at 78%c. sold up to 78%c, down to 78%c and closed at 1

np to 78%c, down to 78%c and closed at 1 o'clock at that price asked.

The corn market followed the course of wheat, opening strong and higher, declining later and closing at almost the lowest point of the session. May opened at 51%c, advanced to 51%c, dropped to 51%c, reacted to 51%c and then declined without any considerable reaction to 50%c and closed at 1 o'clock at 50%c 50%c. June opened at 50%c asked, advanced to 51c, declined to and closed at 50%c.

asked, advanced to aic, declined to and closed at 50½c.

There was a fair speculative trade in oats and the decline in the other grain markets was reflected here. May and June oats opened at 31c, fell to 30½c, and closed at 1 o'clock with 30½c bid. July oats sold at 30c and that price was asked at the close. August oats opened and closed at 26½c, selling up at one time to 27c.

In provisions there was an increase of in-

In provisions there was an increase of interest. For domestic shipment and export there was a better inquiry and larger sales of meats and lard, but in the line of speculation dullness again prevailed. Based on last night's closings, pork was unchanged at 1 o'clock, while short ribs were unchanged to 2%c easier, lard was again relatively weaker than either short ribs or pork and suffered a decline of 2%c. May and June were the favor ite deliveries. May future sold at \$14.10\omega\$ at \$1.23\omega\$ for pork, \$7.55\omega\$ 7.60 for lard and \$7.20 \omega\$ 7.22\omega\$ for short ribs. The month named closed at the day's inside prices all around. June pork and lard were 5c and June short ribs 10c higher than May. July pork closed nominally at \$14.25. Lard for July was 10c and short ribs for July 17\omega\$ chigher than the In provisions there was an increase of inshort ribs for July 1736 higher than the May market. March pork was 10c, March lard 5c, and March short ribs 736010c lower than May. Year pork sold at \$12.55, and year lard at \$7.30.

AFTERNOON SESSION-Trading was enor-AFTERNOON SESSION—Trading was enormous and prices were lower all around. May wheat sold down to 77%c, closing at 77%c. May corn sold down to 50%c, closing at 50%c. May oats closed at 30%(@30%c, May pork \$14.05@14.07%, May lard \$7.52% bid, and May ribs \$7.20.

CHICAGO LIVE STOCK.

CHICAGO, March 20.- Special Telegram to the BEE. !- CATTLE-Trade was rather slow at the opening, more on account of the wet and rainy morning and the almost impassible condition of the yards than on any other account. Later on there was more activity. Taking the number left last night there was between 9,000 and 10,000 on sale—a large number for a Tuesday—which has become rather an off day in the cattle market. As to price, most of the salemen reported little or no change as compared with yesterday on the ordinary run of fat cattle, yet values are 10@15c lower than the highest 10@15c lower than the highest of last week. No Texans were on sale. Prime grades of butchers' stock were in good demand and steady. Canning stock was slow and unchanged. Scarcely anything was doing in the stocker and feeder line. Prices ranged: Steers, 1350 to 1500 lbs, \$4.40@5.15; 1200 to 1350 lbs, \$3.25@4.00. Stockers and feeders, \$2.20@3.60; cows, bulls and mixed, \$2.00@3.50; bulk, \$2.50@2.80. l'exans—Cows, \$2.25@2.50; fed steers, \$3.25@

Hogs—Business was brisk, with an upturn of 5@10c on best grades, the same making \$5.50@5.60 for 250 to 350 lb. averages, \$5.35@ 5.40 for 230 to 300 lb. averages and \$5.25@5.30 for 180 to 225 lb. averages. Light, (assorted), \$5.20@5.30 for 160 to 175 lb. averages and \$5.00 @5.15 for 130 to 150 lb. averages.

FINANCIAL.

NEW YORK, March 20 .- [Special Telegram to the Ber.]-Stocks-A dull, heavy feeling prevailed in Wall street, and prices on all stocks ranged lower, some selling down below the previous low prices recorded on the breaks last fall. Missouri Pacific was the weak sister, and, by dropping 1% points from yesterday's close, carried the whole list down with it. The slump was attributed to a reported row between George Gould and the directors. The latter, it is said, wanted the regular dividend declared, while young Gould wanted it passed. This lead to heavy miscellaneous selling of long and short stock, but the indications were that many lines on which margins were exhausted were thrown overboard, as the bidders had become weary of waiting for a better market, and decided to go out on the best possible terms. The bears attacked the whole list with telling effect, and it went off 3/@11/4 points. Some of the rabid bears predicted a repetition of the panic of 1884. The conditions then and now are different. The public are not in the market to any extent and stocks are mostly in stronger hands, shoestring holders being left by the wayside long ago. Prices are also considerably lower. A few short rallies followed the declines, but they were invariably due to covering by shorts, and as selling continued the market again weakened and last sales were at almost inside prices. The net declines were 2% points on Missouri Pacific, 114 on Louisville & Nashville, 1% on Texas Pacific, 11% on Cotton Oils, 1% on Reading, 1 on New England, 34 on Northwestern 16 on St. Paul, % on Chicago, Burlington & Quincy and % on Erie. Western Union showed considerable weakness. The total sales were 146,600 shares, against 172,774 shares yesterday. GOVERNMENTS - Government bonds were
